

We're with you all the way

DLL specializes in equipment fleet financing and asset management in the public transportation sector. We work in partnership with large fleet users to drive down cost and improve efficiency. Whatever your objectives, you can have total confidence in DLL to deliver.

Industry and Asset Expertise

Our specialist industry knowledge makes us uniquely equipped to provide the best financial solutions for your business.

Close Business Understanding

We understand the heart and soul of your business and the challenges it faces.

Innovative Financial Solutions

By thinking differently we can make a difference to your sales performance.

TCO Reduction

We'll work with you to drive down your total cost of operation (TCO) without compromising performance.

Local Support Worldwide

Wherever in the world your business takes you, we're there to support.

By Your Side – Today and Tomorrow

Through the good times and the not so good, you can depend on DLL.

The right tools for the task

At DLL, we know how important it is to help you drive down your Total Cost of Operation (TCO). We understand your fleet and can help you manage it so that you can get on with the rest of your business. Working together with DLL not only enables you to leverage in-depth industry knowledge and specialist experience, it also brings to hand a wide range of innovative financial solutions and fleet management services developed to add real value to your operation. These include:

Financial Solutions

Full range of leasing products

A range of leasing products tailored to your business with alternative options: e.g. usage-based financing, financing of used equipment, Sale & Lease back, full service lease, flexible lease options (break options, extensions, etc.), off balance sheet leasing.

Master Lease Agreements

Master lease agreements covering multiple countries, that can include multiple brands and asset types with centralized controls. Easily add new equipment to your fleet whenever you need it.

Fleet Management Services

High or unknown operating cost, varying utilization levels, inefficient maintenance planning, unexpected downtimes, decentralized fleet, multiple service providers?!... In case you are facing any of these challenges, at DLL we can help you take control over your fleet, improve your business and stay ahead in the market.

With our Fleet Consultancy service, our team of industry professionals can provide deep insights on how to optimize your fleet and reduce your Total Cost of Operation (TCO). Using the right fleet management tools, we combine operational and financial data to analyze your current fleet challenges and future needs. Based on that, we advise you how to achieve considerable cost savings and improve fleet efficiency.
